Our Philosophy

At the *Erie Dance Conservatory* we are dedicated to nurturing the student's development into a dancer through a positive and progressive curriculum. We gradually teach our students to explore the correlation between their bodies and proper dance technique, placement, and coordination – the natural navigation of the body. Erie Dance Conservatory offers individuals of all ages the most professional dance training available.

As the student begins to advance in these concepts, we allow sufficient time to create self-discipline, confidence, and to help foster their passion for dance. We strive to challenge our students both mentally and physically in order to impart the necessary elements for becoming a professional dancer, supporter of the art form, or simply a confident individual.

Our positive atmosphere is a safe haven in which our students can learn the art of dance and develop a fundamental understanding of the form that will allow them to continue to thrive in dance throughout their lives.

Curriculum

Classes at EDC include ballet technique, variations, pointe, modern, tap, jazz, hip-hop, adult and pre-school. Each level has a syllabus that a student must master before moving to the next level. Each student is evaluated on a regular basis to ensure proper placement. Changes in a student's class placement are made based on the recommendations of EDC Director and Faculty. Placement and advancement from one level to the next is based on the student's accomplishments and ability, not simply on age or the number of years spent in study.

Registration

An applicant may apply at any time throughout the school year. The registration process includes completion of the registration form with parent/guardian signature and tuition for the first month. No registration fee is required.

Tuition

may be paid in eight, nonrefundable installments by the 1st of each month with first payment required before the classes begin (unless taking a trial class). A 5% discount will be applied for anyone choosing to pay tuition in full at the time of registration. A 5% discount will also be given to families enrolling more than one student – discount applies to the lesser tuition. If payment has not been received by the

10th day of the month or the 10th day from the beginning of a semester, a finance charge of 1.5% per month will be assessed as of the due date. \$660.00 per semester, or \$165.00 per month, allows for unlimited classes per student.

Payments should be made by check, payable to "EDC," MasterCard, Visa, Discover, or Debit (no cash), and there will be a \$25 charge for returned checks and a \$15 charge for declined credit cards.

Payment of tuition entitles students to take all the scheduled classes at their level, and no refunds are given for classes missed because of illness or vacation. No refunds will be given after payment is made for any reason. Financial assistance, based upon need and merit, is available. Requests should be made no later than August 29, 2011 for Semester I, and January 2, 2012 for Semester II. Any student

whose tuition is past due and who has not made arrangements for payment will only be allowed to observe class until the account is made current.

***Note:** *If you are applying for financial aid/scholarship, it is your responsibility to contact the EDC office to request the proper forms. Please see Ms. Sarah for scholarship information.*

Private Lessons

Sometimes students would like additional assistance with their regularly scheduled classes. Private lessons may be arranged through the EDC Director. Payment is made directly to the EDC instructor. Private lessons are in addition to classes, and cannot be used as make-up classes. Private lessons are \$20 per 1/2 hour or \$30 per hour.

Failure to cancel without a 24 hour notice requires full payment.

Performance Opportunities

There are different productions that the EDC Company performs each year, which include roles for young students, such as *How the Grinch Stole Christmas* and the *Family Winter Fantasy*. These performances are in addition to the End of Year Show. Please notify EDC Director if a student will not be performing.

Advantages of the Erie Dance Conservatory

- ~ performance opportunities within the school and community
- ~ integrated syllabus
- ~ safe dance flooring
- ~ limited class sizes
- ~ ongoing enrollment throughout the year for all ages
- ~ free trial/placement class
- ~ professional faculty experienced in teaching children's dance
- ~ family discounts

All casting is final and is at the sole discretion of the Artistic Director.

Make-Up Class

Policy & Attendance

In order to maintain consistent progression, any missed classes are to be made-up within two weeks. No credit or refund is given for missed classes. Please see your child's instructor on what would be an appropriate class for your child to make-up. If a student is going to be missing a class, please call the EDC studio office to let the instructor know.

*Students who do not wish to take the required number of classes, but do want to train with a desired level, may not be eligible to perform with the class level. Regular attendance is essential to proper training.

If you need to substitute one class for another due to a scheduling conflict, you must discuss this with the school director. Limitations placed on the student by a physician are respected, but can be made up by observing their leveled class. The Artistic Director of EDC Company may invite students at any level to perform when the students' talents and desires and the need of the choreography call for it.

EDC keeps a record of attendance for each student in each class. Students needing to leave early or going to be out of town must bring a written note from their parent/guardian. Students must also be picked up within 10 minutes of the end of their class or rehearsal. Students should make outgoing calls only when necessary and should limit their calls to one minute. To speak with your child's instructor, please call the EDC office to set a scheduled time.

For Levels 6 and 7 Only: To be eligible to perform at the EDC Company level (Regional Dance America), it is imperative that all scheduled classes are taken. If a missed class is not made up within two weeks, or arrangements have not been made with the school director, you may be placed into a lower level and not allowed to perform until you have made up the necessary classes. If you know that you are going to be missing classes, you are free to take extra classes ahead of schedule. This policy ensures that all students placed in these levels will continue to progress at the same rate.
